

Datasheet: Lumière BIO Limonade

A Sparkling Creation by Verduris Artisan Beverages

Product Overview

Lumière BIO Limonade is the crowning jewel of Verduris Artisan Beverages, a boutique producer renowned for its commitment to purity, sustainability, and taste innovation. Crafted from a blend of rare organic citrus varieties and botanical infusions, Lumière BIO offers a vibrant, refreshing experience that redefines what limonade can be.

Product Details

- Product Name: Lumière BIO Limonade
- Producer: Verduris Artisan Beverages
- Origin: Provence, France
- Product Type: Organic Sparkling Limonade
- Batch Number: As indicated on packaging
- Certification: EU Organic, USDA Organic

Key Quality Attributes

Attribute	Specification	Testing Method
Appearance	Clear, pale yellow with fine bubbles	Visual assessment
Aroma	Bright citrus, subtle herbaceous notes	Panel evaluation
Taste	Balanced acidity, gentle sweetness, complex finish	Sensory analysis
pH	3.2–3.6	pH meter
Sugar (g/L)	35	Refractometry
Preservatives	None	Ingredient check

Production Process

- Carefully selected organic lemons, limes, and bergamot sourced from certified family growers.
- Hand-washed and cold-pressed to preserve essential oils and natural flavors.

- Infusion with a proprietary blend of organic lavender, basil, and elderflower.
- Natural fermentation for gentle carbonation and enhanced complexity.
- Microfiltration for clarity and safety, with no artificial additives.

Process Flow Table

Step	Description	Duration
Harvest	Hand-picking at peak ripeness	Daily, May–July
Pressing	Cold extraction of citrus juices	4 hours
Infusion	Botanical blend added to juice base	12 hours
Fermentation	Natural carbonation development	36 hours
Filtration & Bottling	Sterile microfiltration and aseptic bottling	2 hours

Inputs & Ingredients

- Organic Citrus: Lemon, Lime, Bergamot (certified organic, locally sourced where possible)
- Organic Botanicals: Lavender, Basil, Elderflower
- Natural Spring Water: Drawn from protected aquifers in Provence
- Organic Cane Sugar: Fairtrade-certified
- Probiotic Cultures: Wild, for fermentation

Packaging

- Bottle: 330 ml and 750 ml, clear recycled glass
- Closure: FSC-certified natural cork or aluminum cap
- Label: Biodegradable, printed with vegetable inks
- Case: Recycled cardboard, 6 or 12 bottles per case
- Shelf Life: 12 months from bottling (store cool, avoid sunlight)

Packaging Specifications Table

Component	Material	Recyclability
Bottle	Recycled glass	100%
Cap	Aluminum/natural cork	100%
Label	Biodegradable film	Compostable

Case	Recycled cardboard	100%
------	--------------------	------

Environmental & Social Commitment

- Zero waste production: All fruit waste composted or donated to local farms.
- Supplier partnerships with small, organic-certified family farms.
- Renewable energy powered bottling facility.
- 1% of proceeds donated to pollinator habitat restoration in Provence.
